

# Sonnenschein, Hinsey, Ellwanger, Misterek Honored As 1965 Riggs High Governor's Day Officials

GOVERNORS  
1965

Lt. Governor

Sec. of State

OFFICIALS  
DAY

Governor ---

Governor Nils Boe of South Dakota will be on hand to present the 'Governor's Cup' to whichever team from one of the two Dakotas wins the game tonight (8:00 P. M.) The Governors' Day game is a contest between the two Dakota capitols. The game is played at each capitol in alternate years.

The constitutional officers of both states and mayors of home cities are invited guests.

The first Governors' Day game was played with Bismarck in 1956 when Governor Joe Foss presented the 'Governor's Cup' to the winning team. The losing team receives an ancient Buffalo Skull with scores painted in colors of both

schools as a consolation prize. This marked the starting history of this wonderful event which has been carried out through the recent years.

The Pep Club and the G Club will be waiting for the Demons' arrival in the lobby with great school spirit.

To the first lady and secretary of state, of both schools, corsages will be presented. The governors and lieutenant governors will receive boutonnieres.

The Bismarck concert will be held at 2:30 in the gym, then the Pep assembly at 3:15 in the gym. Following the Pep assembly, Governor Boe will have a coke reception, also in the gym. All students are invited to this reception. A wrestling event will take place at 6:00 P. M. At

7:00 P. M., the school constitutional officers will be announced.

We have played nine games with each other so far. Bismarck Demons had the cup five times while Pierre Governors had it four times. Bismarck won the cup last year with a score of 74-62.

Riggs High School, Pierre, South Dakota

February 5, 1965

## GOVERNOR

### Short Shorts

Our Riggs High School Co-ed Correspondent is Christie Iversen. A Correspondent is required to fill out three questionnaires per year. A questionnaire, which is filled out and sent to the company, will give the Co-ed magazine some ideas of what they should include in their magazine. Christie has received a silver pin, shaped like a wreath for being this year's correspondent.

"I sure wish that ours looked like that!" and "That is really sharp!" are a few of the comments concerning the arrival of the first order of Junior class rings. Besides coming in four sizes, the rings can be made with a variety of settings, from pearl to onyx, and are personalized with the purchaser's first and last initials. So far the new rings have created a good topic for conversation and a growing feeling of impatience for those Juniors whose rings are on the second order.

We extend our deepest and most sincere sympathy to Mrs. Winnifred Iverson, whose mother passed away.

Mr. Flannery has just recently become a grandfather!!!! A boy, Michael Wayne, weighing 8 pounds and 4 ounces was born to Mr. Flannery's second to the oldest daughter, Norma (Mrs. Larry Schuh). Mr. Schuh works at the state house in the Highway Testing Lab. and Mrs. Schuh works as a secretary at the 1st National Bank.

The movie "The Foster Parent Plan" was shown by Mr. Pries in his Problems and Civics classes January 25. The movie showed a plan to help needy children financially to attend schools, receive sufficient food, and most of all, let them know there is someone who cares about them.

Capital Journal Newspaper is asking for requests on foreign exchange student sponsorship. Contact Miss Imogene Van Overschelde or Mrs. Loren Sherer for information.

At a meeting of juniors and junior class sponsors, it was decided by a majority vote that the banquet this year would be limited to seniors. The classes are becoming so large, it is impossible to accommodate both classes at the banquet.

The traditional junior-senior prom will be held the same evening, also in the Riggs gymnasium. The date has been set for May 1. Committees will soon be formed to begin definite plans.

### PHS Sophomores Win Second Trophy

Beginning debaters scored again last week end at Spearfish. In the C Division, David June, Blaine Foss, Dana Tindell and Craig Edwards tied for first place with Rapid City, winning a trophy which will be sent to them.

In the individual events, those entering were: Ricky Boyd, in Experienced Oral Interpretation; Dana Tindell, Inexperience Extemp; David June, Inexperience Oratory; and Craig Edwards, Inexperience Oral Interpretation. Placing in the finals were David June, second place; Dana Tindell and Craig Edwards, third place in their respective events.

The fourth annual Central Debate Tourney was held at Riggs High School on Saturday, January 23. Rapid City High School teams won both the experienced and inexperienced divisions of the tournament. Pierre had three in the finals of the extemporaneous speaking contest; Blaine Foss and Craig Edwards, sophomores, and Danny May, freshman, who placed second. Danny May also won first place in the tournament with highest number of speaker points.

### Lyssa Shadrick Named Homemaker of Tomorrow

1965 Betty Crocker Homemaker of Tomorrow is Lyssa Shadrick. Lyssa scored the highest in a written homemaking examination taken by senior girls December 1. Lyssa is now eligible for the state and national honors.

Lyssa's written examination will automatically be entered, first, in state. If she wins first place in state, she will receive \$1,500 scholarship from General Mills, Inc., sponsor of the annual Betty Crocker Search for the American Homemaker of Tomorrow.

In winning our Riggs High School Homemaker of Tomorrow, Lyssa receives a distinctive award pin.

In the inexperienced division debate, two Pierre teams tied with a team from Highmore for second with six rounds won, two lost. In the experienced division, Pierre High School's team tied for second with Huron, Madison, and Sioux Falls, each with a six-won, two-lost record.

There were fifteen teams representing fifteen schools in the experienced division; and seventeen teams represented from ten schools in the inexperienced division.

The judges were Mrs. James Miner, James Lay, Mrs. Russell Rhodes, Mrs. Vesperia Pennington, Mrs. Walter Andre, Robert Erickson, Mrs. Dwaine Smith, James Miner, and Barbara Hodgins, along with the coaches from the various schools. Mrs. Sam Ruzick, debate coach, was in charge of the event assisted by members of the PHS chapter of the National Forensic League.

### Job's Plan King of Hearts

The annual King of Hearts Dance will be held at the Masonic Temple Saturday, February 20. It is given by Job's Daughters, who have selected six senior boys for candidates. They will vote for one and he will be revealed as King at the close of the dance. It will begin at 9:00 p. m. and last until midnight. Tickets will be available from Jobs Daughters members and are \$2.00. One last thing, this is the dance when the girls ask the boys, so get out and ask "him" before it is too late.

### Bob Brown Elected Mayor

Bob Brown was elected second-semester mayor in an election held in homeroom on Thursday, January 21. He succeeds Dana Erikson, who has served the school very well the first semester. The other candidate for mayor was Ronald Walpole, senior class president. Bob's first job was to introduce the Bellshanny Men, a group of five college singers, for a short assembly on Monday, January 25.

### Trautner Chosen Teacher-of-Year

Mr. Phil Trautner

Mr. Phil Trautner, athletic director for the Pierre Schools, was chosen "Teacher-of-the-Year" by the old members of the National Honor Society. The announcement was made at the formal initiation ceremonies of N.H.S.

Mr. Trautner graduated in 1951 from the University of Minnesota with a B.S. degree. In 1959 he received his M.A. degree from the same university.

"There is a definite correlation between good students and good athletics", says Mr. Trautner. "A good student's chances for athletics are very high".

Mr. Trautner said that Pierre ranked in the number three position in football this year. "A large number of boys helped make it a successful season" and "Most of the boys were pretty good honor roll students" are his comments concerning this activity, which he coaches.

An avid reader, he belongs to the Book-of-the-Month Club and also to the Readers Digest Condensed Book Club. During the summer he enjoys swimming and tennis. He is also a sponsor for the boys' tumbling team, which performs during half-time at the basketball games.

Mr. Trautner has been with the Pierre Schools for fifteen years.

### GOVERNORS DAY SCHEDULE

2:30 - - - - - Concert  
3:15 - - - - - Pep-Assembly  
Governor Boe's Reception  
6:00 - - - - - Wrestling  
7:30 - - - - - Warm-up of Team  
7:45 - - - - - Introduction of Constitutional  
Officers and Guests  
8:00 - - - - - Game  
Twirlers perform at half-time.  
Party in gym following game.

### Sophomores Reign Over 1965 MOD

The annual Teenage March of Dimes Talent Show was held in the city auditorium Sunday evening, January 24. The winners were four dancers; Carol Kelly, first; Suzette Schliessmann and Gretchen Dirks, second; and Kathy Specker, third.

The king and queen honors went to the sophomores, Gretchen Dirks and Comet Haraldson, who received their crowns from Governor Nils Boe. Mike Brewster was chairman of the event in which teenagers do a community service for the March of Dimes.

# Interstate Rivalry

## Highlights BB Season

Today the Pierre Governors and friends welcome the Bismarck Demons to this city for the traditional Governor's Day, which is the highlight of the entire basketball season.

Just the other day, an avid sports fan who hails from the neighboring state of Nebraska, expressed interest in this particular contest. He had heard of the Bismarck-Pierre tradition and stated that he had made some inquiries and was convinced that North Dakota and South Dakota are the only states in the nation whose state capitols traditionally play against each other each year.

We have always known that the two Dakotas are unique. The rest of the country is catching on, however.

This newspaper staff joins the entire student body and faculty in welcoming the Bismarck Demons basketball team and wrestling squad, the cheerleaders, band and last but not least, the Demon fans and royalty, to Pierre for the 1965 Governor's Day Game.

## Are You One Of The Non-informed?

	Well-informed	Non-informed
Sophomores		
Boys	42.6%	57.4%
Girls	37.1%	62.9%
Juniors		
Boys	51.2%	48.8%
Girls	53.0%	47.0%
Seniors		
Boys	31.6%	68.4%
Girls	38.9%	61.1%

As you glance at this poll you will see, as I did, that something should be done to bring the Student Council members and their homerooms into closer contact. It is clearly shown the members of this high school are not clearly aware of what is going on in student council. Since the council exists to bring the students problems before the school board and to try and solve these problems, it seems that when 57.4% of all of the students know nothing of their actions they are failing in their duty.

I think the problem can be linked to the time the student council meets. Homeroom meets on Monday and Thursday. Student Council also meets on Thursday and many other homeroom representatives are in the planning committee. Between these two groups many homerooms never have their commissioners in homeroom at all. When this situation occurs, it is impossible for the homeroom to be in real close contact with the student council.

If, perhaps, the student council could meet at night or after school, it would let the student council members attend homeroom, and therefore would allow the student council a closer contact with the homeroom.

This would pose a hardship on some student council members however, as they usually have many other activities that might conflict with an evening meeting. If this is the case, it would seem that the person would have to make a choice between the two. It seems that there should be enough qualified pupils in Riggs High School, to be at a student council that would be able to attend an evening meeting. If this was done I am sure we could reduce the non-informed (57.4%) to a minority of the students.

## NHSer's Receive Tag, Torture, Tea During Week-long Initiation

National Honor Society Tag Day was held Tuesday, January 12. Seniors tagged were: Barbara Crance, Stephanie Clinton, Sandra See, Cynthia Bowers, Judy Peterson, Robert Moore, Ronald Walpole, Eileen Frasier, Jeff Peterson, Ronald Huber, Marda Cano, Maureen Suiter, Linda Johnson, Xavia Arndt, Barbara Forchtner, Carol McIlravy, Lyle Stuart, Linda Barrett, Bonnie Stock, and Pam Fillmore. Juniors tagged were: Dorianne Snodgrass, Geraldine Misterek, Bill Flannery, Lois Snow, Mary Jassmann, Roberta Bartels, Jocelyn Quinn, Frank Halligan, Peggy Carl, and Dalene Moore.

The hectic, but fun week of initiation began Wednesday, January 13. The initiates were required to do certain "little" things for the old members for the next four days during the school hours. The old members had an extremely flexible demerit system and gave demerits right and left for any little slip in behavior. The two initiates who received the honor of having the most demerits were Mary Jassmann and Ronald Huber. They were required to skip around the gym in front of the entire student body carrying a sign which read "I'm a bad initiate."

### Soph Debaters Win Trophy

Craig Edward, Dana Tindell, Blaine Foss, David June

The Governor debaters carried home the first place trophy from Redfield, January 9. Second place winner was Watertown. Certificates were awarded to Blaine Foss and Craig Edward for superior speakers' ability.

The Pierre group #2 are given credit for the trophy. This group includes David June, Blaine Foss, Dana Tindell, and Craig Edward. Pierre group #1 also went. This included Sharla McKay, Mary Freeberg, Dan May, and Alan Fleishacker (freshman). Nineteen teams from ten towns participated in this event.

At the school party on Saturday, January 16, the trained National Honor Society initiates provided the entertainment. First of all, they sang the song which they were required to compose as part of their initiation. Then, the "dear" old members led the initiates in stunts which they cooked up. These included fishing peaches out of plastic bags while blindfolded; racing with egg shells carried on a spoon held in their mouths; racing with balloons; feeding bananas to each other while the "eaters" were blindfolded; and passing life savers to each other on toothpicks held in their mouths. The "circus" proved to be quite entertaining for everyone.

The formal initiation finally came to close out the week. It was held in the PHS bandroom Tuesday evening, January 19. The initiates became full-fledged members and each received a certificate of membership, a membership card, and a gold membership pin. The teacher-of-the-year, Mr. Phil Trautner, was also announced at the formal initiation. A reception was held following for initiates, parents, and the faculty.

## Who Could It Be?

This poem was submitted by a member of Mrs. Myers' English III class who wishes to remain anonymous.

I've had an experience  
Through which many go  
With a sewing machine  
That just wouldn't sew.

I wound the bobbin  
Then gave it a nudge  
Til it was so fastened down  
It couldn't possibly budge.

I wound the thread round  
Three hooks and a screw;  
But somehow it tangled!  
That just wouldn't do!

I set the needle  
And untangled the thread.  
I now had self-confidence  
With nothing to dread.

I pushed on the pedal;  
The results drove me berserk.  
The horrid machine  
Positively won't work!

Then the answer came  
As it soon does to all men.  
My sewing machine  
Wasn't plugged in!

## S. Clinton Named County DAR

Stephanie Clinton has been chosen for Good Citizen honors in the national contest of the Daughters of the American Revolution. Stephanie was chosen by ballot of the senior class and the senior high school faculty. They chose three coeds and the faculty named one as D.A.R. Good Citizen. The choice is based on dependability, service, leadership, patriotism, and desirable qualities in good citizens.

She also had to fill out a questionnaire about history, which was used as in the selection.

### Play Places 2nd at Mobridge, Steve Cyr Named Best Actor

"Suppressed Desires" was presented for the student body before going to Mobridge to enter the divisional tourney for one act plays.

"Suppressed Desires" by Susan Glasspell is a comedy in two scenes.

The cast was Cheryl Stageberg as Henrietta Brewster, Steve Cyr as her husband Stephen Brewster; Connie Smith as her sister, Mable. The play was directed by Mrs. Pennington. Kay Cameron was her assistant.

The play placed second in the regional contest and Steve Cyr was named Best Actor.

Mobridge won first and Miller won third place.

### Folk Singers Entertain

Some think that folk singing is being overshadowed by rock 'n roll singers, but the Bellshanny Men disprove this theory.

The Bellshanny Men came from Salt Lake City. The group is appearing at hotels, and while in Pierre made two appearances at Riggs High. Monday they gave a short concert to advertise their evening appearance at the City Auditorium in behalf of the Boys Club. Friday afternoon they again sang, sponsored by the Riggs High Pep Club.

Their songs vary from ballads and popular folk songs to modern satire.

### Library Accepts Donation

Several donations have been made to the Riggs High library. Senator Ben Reifel made a gift of a large volume entitled John Fitzgerald Kennedy, the Late President of the United States, Memorial Addresses delivered in Congress.

Others donated include Why England Slept by J.F.K. and The Case of the Ice Cold Hands by Erle Stanley Gardner, given by Miss Trish.

Mrs. Clair Ledbetter gave Sheep, Life on the South Dakota Range by Arthur B. Gilfellan. B. F. Hazel, a Pierre resident, gave Earthquake Country. Mr. Phil Trautner donated Gone With the Wind by Margaret Mitchell, Love is Eternal by Irving Stone and Silver Chalice by Thomas B. Constain. Volumes of books were donated by PTA groups in memory of Mr. Howard Hansen.

## Sheffer's Sharings

Webster Picks Peppiest

BY CAROL

At Webster High School to add to the enthusiasm of the basketball season, a "Miss Peppy" and a "Mr. Pepper" are chosen for each home game. They are picked by the cheerleaders who announce the winners at the pep rally. The ones who yell the loudest and show the most enthusiasm are chosen.

In the Faulkton High School the girls get their senior pictures taken one day and the boys have theirs taken another day.

The Lennox High School student council nominees give campaign speeches. The four parties were called the Cavaliers, Hoogies' Heralds, Mullerberries, and Murra's Mafia.

The student council of Staples High School, Staples, Minnesota, sponsored a free dance. The purpose was to find out if the price of the dances had any bearing on the number of students who attended.

Washington Sioux Falls High School seniors have already had a senior class banquet.

The Bellshanny Men sang at the Rapid City High School according to their school paper, the Pine Needle.

It was read in the announcements that the amendment to the constitution has been passed and cut-off sweat shirts are outlawed according to the constitution.

## Soph's Lead Honor Roll

The following people have had a "B" or better in all academic subjects for the period ending January 15, 1965.

29 SENIORS: Xavia Arndt, Linda Barrett, Cynthia Bowers, Robert Brown, Martha Cano foreign exchange student, Stephanie Clinton, Barbara Crance, Judy Disburg, Dana Erikson, Gary Fleischaker, Barbara Forchtner, Wrenda Herther, Suzanne Hickman, Judy Hoffman, Pamela Hubbard, Ronald Huber, Linda Johnson, Eliz. Kelly, Jane Loers, Tom Maher, David Rivoire, Jack Robinson, Ramona Robinson, Darrell Scherlie, Sandra See, Paul Sherburne, Kathy Specker, Bonnie Stock, and Jill Williams.

27 JUNIORS: Peggy Carl, Stuart Cassell, James Douglas, Richard Finke, Wm. Flannery, Carol Gibson, Linda Hall, Alice Hansen, Barbara Iversen, Suzanne Kirley, Geraldine Misterek, Dalene Moore, Sharon Moser, Patricia Mulloy, Nina Neuhauser, Patricia Noble, Faye Parlin, Fred Pehler, Barbara Pyncheon, Jocelyn Quinn, Ann Saynor, Kathy Singer, Betty Sletto, Dorianne Snodgrass, Lois Snow, Kathy Weisgran, and Judy Wulff.

43 SOPHOMORES: Virginia Bartlett, Kathleen Beekely, Wm. Benesh, Susan Brown, Stella Carroll, Lois Christianson, Eugene Collett, Bruce Crist, Gretchen Dirks, Linda Douglas, Lloyd Erikson, Mary Everson, Ruth Fillmore, Mary Freeburg, Steve Gerlach, Comet Haraldson, Larry Hoffman, Mary Homeyer, Bruce Howard, Randy Hubbard, Paulette Huber, Elizabeth James, Robert Jeitz, David June, Pamela Kayser, Suzanne Kjelland, Emma Ledbetter, Paula Moore, Steve Obenauer, Janet Peterson, John Porter, Randy Riis, Lenora Rivoire, Lana Severson, Danna Slaathaug, Mary Spilde, Bruce Stevens, Barbara Stoneback, Ava Stout, Marilyn Sumption, Susan Thayer, Carol West, and Alan Weaverstad.

Sophomores led the honor roll for the second time with 43 students. This number represents about 20% of the sophomore class. Out of 43 sophomores making the honor roll, 27 are girls.

Seniors are in second place with 29 students. This represents about 15% of the class. There are 20 girls on the list.

The juniors were represented by 27 students, approximately 15% of the class. Girls again outnumbered the boys, 22-5.

# Governors Day Features Sports Spectacular

## Cagers Aim To Even Score, Regain Trophy

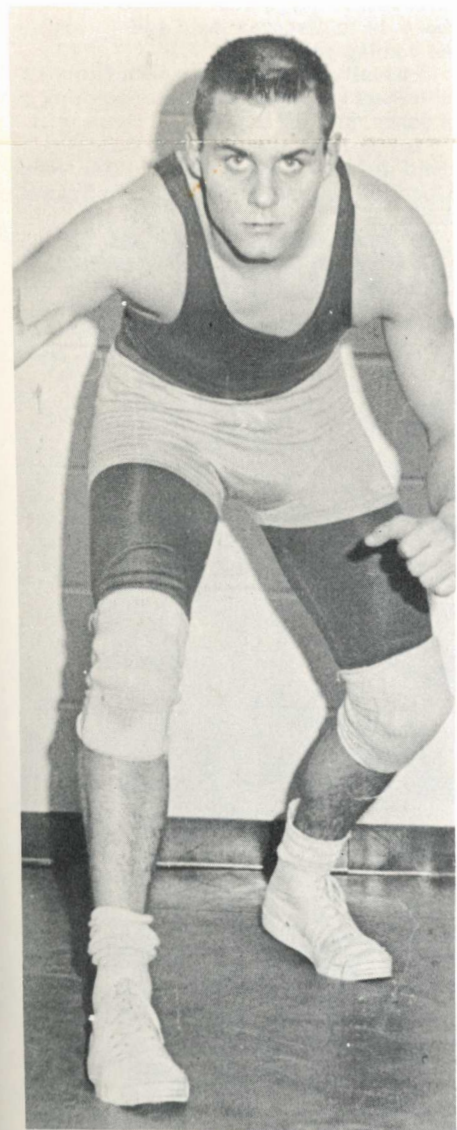

The Pierre Governors basketball Squad will be aiming at four things when they take the floor as hosts to the Bismarck Demons tonight at 8:00. The Governors will be trying to even the Governors Day series at five wins a piece and avenge a 74-66 loss to the Demons of last year. Also the Governors will be trying to rebound from a devastating road trip last week-end.

The Demons are carrying a 10-4 mark into the game compared with the 9-4 mark of the Governors. The Governors were working on a seven game win streak when the roof fell in at Webster and Watertown. Webster used superior height and hot shooting from Clyde Hagen, who bucketed 28 points to hand the Governors a 62-53 licking, while a late spurt by Watertown propelled the Arrows to a 52-52 tie and allowed them to edge out a 59-57 victory in a thriller at Watertown's spacious auditorium the next night. Bismarck has grabbed their league lead in compiling their mark and won last week-end.

The Demons have back Wade Hopkins (scored 19 against Governors last year) and have size up front.

The Governors haven't had any one shooter that the opponents could concentrate on getting balanced scoring from all players. Lyle Stuart, Jim Flannery, and Gaylord Sonnenschein have been most consistent. However, Gary Ellwanger (11) has come along with excellent play and is expected to see a lot of action. The probable starters for the Governors are Dana Erikson, Lyle Stuart, Jack Robinson, Jim Flannery, and Gaylord Sonnenschein while the Demons will be using Terry Peterson (12), Skip Hewitt (12), Lee Tangedahl (12), Gary Vemstad (11), and Wade Hopkins (12).

Another highlight of the night will be the presence of Governor Nils Boe who will present the traveling trophy, currently held by Bismarck, to the winners.

### Pins Chamberlain Man

### Brings 6-1 Record

### Against Matsmen

Dan Davis, first year wrestler for the Pierre Governors, is putting on quite a show for the crowds.

Davis, who is in the 165 pound class, has won all but one of his six wrestling matches.

Another astonishing fact is that Davis has been wrestling in the 180 pound class because Roger Jacobs has been ill. Davis's one defeat came in wrestling against a 180 pound Mobridge opponent. Davis has wrestled their 165 pound man and taken a decision over him.

Davis is not known for his pinning ability because all of his matches have been by decisions. He is in his junior year so wrestling looks quite bright for him.

A new touch will be added to Governors day with the addition of a wrestling match between the Governors and the Demons starting at 6:00.

The Demons will probably be the toughest crew of grapplers to square off across the mat against Coach Mike Plinske's squad. While Pierre is in only their second year of wrestling, the Demons have been around along time and were the State Champs of North Dakota in 1960, 1961, 1962, 1963, and were runners-up in 1964. The Demons have several State Champions and the papers around the state say the Demons haven't even been tested yet this year.

The Governors will be trying to meet the Demons experience with inexperience as four of the wrestlers are sophomores and four are first year wrestlers. Coach Plinske has been satisfied with performances of these boys and is predicting big things for them.

For an added bonus to the Governor Days festivities be out to see the match, starting at 6:00.

### Girls Tumbling Group Formed

Every girl taking Physical education tried out for the tumbling team. The group was gradually cut down to 35 tumblers. Sophomores chosen were: Michele Brasel, Susan Brown, Kristine Bue, Gretchen Dirks, Linda Douglas, Vicki Douglas, Ruth Fillmore, Christine Grinager, Linda Humphrey, Elizabeth James, Sharon Lehecka, Paula Moore, Charlene O'Neil, and Danna Slaathaug. Juniors chosen were: Cheryl Burge, Cheryl Cowan, Lexie Fargen, Linda Hall, Teri Harding, Dena Hedman, Grace Iverson, Pat Mulloy, Kathy Pankhurst, Sandy Phillips, Pam Schumacher, Connie Smith, Lois Snow, Barbara Weaver, and Becky Weibel. Seniors chosen were: Helen Adams, Betsy Kelly, Carol McIlravy, Janet Neuharth, Linda Ridgeway, and Kathy Specker.

Tumbling practices will be held at any available time in the gym. Latest report on practices was 7:30 Saturday mornings.

This group, with the tumbling spirit to excel, wishes to perform for the public. To do so, many practices with creative criticism must take place with the individual herself and also with the help of the instructor, Mrs. Heer.

## Groff's Gossip

BY Jim Groff

### G Club Buys Whirlpool

The Whirlpool for which the G-Club has been raising money for the last three years has finally become a reality. The Whirlpool cost around \$600.00. If it keeps working as it has been it will pay every cent back in a very short time.

So far it has been used on Jim Flannery who has now recovered from a bad ankle. It is used on many different wrestlers who have tight muscles. The Whirlpool is used on an average of two or more times a week.

The 120 degree water is put in motion by an electric motor which you can see at the top of the picture. As I said once before the Whirlpool is not a cure-all, but it can help in many cases. At this time the Whirlpool is installed in one of the smaller rooms of the kitchen. It is mounted on rollers for easy maneuverability.

### Soph's and JV's Improving

The Pierre Sophomores and Junior Varsity have been improving as the season goes along.

The Sophomores ran into a streak of cold-shooting against the JV's and Winner but looked like they were ready to hit the victory trail again in their 63-41 beating of Mobridge. Bruce Bad Moccasin and Larry Hoffman have been the leading scorers for the sophomores while Steve Gerlach, Comet Harroldson, George Neuharth, and Lloyd Erikson have played good ball also.

The Junior Varsity has had some tough luck in close games losing by scores of 68-65, 54-51, and 48-46 during the last month. They avenged one of these losses when they drubbed Harrold 64-52 behind a 37 point outburst by Buddy Cassell. Other top point producers for the JV's have been Dennis McQuay, Tim Brooks, and Bill Flannery. The JV's also won the intra-school battle by swamping the Sophomores 65-45.

### Intramural High Point Men

	Pts.	Games	Avg.

## Civics Class Learns Trial Procedures

In a last plea for mercy the accused ran to the judge's desk, sliding in on his knees and in doing so ripped his trousers in both knees.

Lynn Schmutz was up for second degree manslaughter in a trial in one of Mr. Ericson's Civics classes.

Members of the jury were Cheryl Hinsey, chairwomen, Jerry Black, Paul Sherburne, Janet Neuharth, Carol McIlravey, Ed Rychtarik, Maryellen Kleinsasser, Linda Johnson, Ron Mills, Eldon Peterson, Stan Dursten, and Harly Pope.

The witnesses were Linda Barrett, Cindy Bowers, Del Ray Pool, and Fred McCarroll. Ron Huber was the judge; Jeff Peterson was the prosecutor, Larry Crawford was the defense attorney and Lynn Schmutz was the defendant.

Mr. Peterson called as his first witness Del Ray Pool, the Riggs High School detective, who investigated the accident. He said that when Mr. Schmutz was tested for alcohol in his system it had been positive. Miss Linda Barrett was the next witness to be called. She said that she had been with Mr. Schmutz at the time of the accident and that he had not had any liquor while she was with him.

Miss Cindy Bowers was next to be called. Miss Bowers lived on a farm just off the highway. She was feeding her chickens the night of the accident and said that it had looked to her as if the deceased had walked in front of the car and that Mr. Schmutz had tried to avoid him but he hit a patch of ice.

Mr. Crawford called as his witness Mr. Fred McCarroll, said he knew the deceased and less than an hour before the deceased had said he was going to destroy himself.

The two lawyers summed up the case. Cheryl Hinsey, chairwoman, than gave the verdict as guilty.

Ron Huber, Judge, sentenced Mr. Schmutz to two years in the penitentiary with 1 1/2 years off for good behavior.

## New Semester Changes

As the first semester drew to a close, many students breathed sighs of relief. Most everyone anxiously awaited the issuing of report cards on Wednesday the 20. This is always a day of mixed emotions, some regretful, some happy. Wednesday was also dress-up day.

The ending of a semester brings 18 weeks of work and studies to a close with a variety of tests and exams in nearly all classes.

Beginning the second semester, many classes changed subjects entirely. The sophomores taking Speech with Mrs. Ruzick have joined Mrs. Frink for the second semester and Mrs. Frink's students begin Speech. The seniors experience a switch too. Those taking Problems will change to Civics and Civics students are now taking Problems. Girls taking Home Ec. changed units of study; those on clothing units will now be in the kitchen cooking and vice versa.

### Scores Finally Arrive

Seniors received their A.Q.E. (Airforce Qualifying Examination) scores on January 22. The A.Q.E. test was given earlier this fall. The index of this test is designed to predict how successful a student would be in training. Its purpose is to predict success of young people in Air Force activities, many of which have direct counterparts in the civilian technology. The test is divided into four parts, the administrative aptitude, mechanical aptitude, general aptitude, and electronics aptitude.

### FHA Chapter Makes Plans

Miss Imogene Van Overschelde, State F.H.A. advisor, was guest speaker at the January meeting of the local F.H.A. chapter. She told of plans for the regional meeting at Wolsey March 3. The Pierre Chapter is to present a skit on proper and improper fashions and ways of dressing.

Discussed also at the meeting were plans for a father-daughter party or Daddy-Date night to be held in February.

The meeting ended with refreshments served by several members.

### Gumbo Deadline Nears Staff Rolls Up Sleeves

Flag-pole sitting and cliff hanging are on the same level as editing a yearbook, as Betsy Kelly, our own "Gumbo" editor, will vouch for. This is "yearbook season" and all Gumbo staff members will be rolling up their sleeves, sharpening their pencils and taking their share of "NO-DOZE" tablets very soon, in order to meet the deadline for completion. Up until now, the yearbook has been in the planning stage. However, with group and organization pictures having been taken, the staff can begin the real job of assembling the material into a finished product, which will recall many a happy moment to PHS graduates in years to come.

## Welding, Drafting, Power Mechanics Prepare Boys For Future Jobs

Andy Gates, Gaylord Sonnenschein and Vernon Mascher using cutting torch.

A large majority of students (and maybe some teachers) have no idea what goes on in the nether regions of Riggs High, more commonly known as the Shop. The courses taught there by Mr. Larry Fritza and Mr. Arnold Schumacher give boys practical instruction in welding and power mechanics. Drafting is being taught up in room 203 this year where new drafting tables have been installed.

Mr. Fritza teaches three classes of welding, with approximately 14 boys in each class. The students are working with two different types of welding - acetylene and arc. In acetylene welding, the heat is supplied by a flame formed by mixing oxygen and acetylene gas in a torch and burning the mixture.

Some example of acetylene welding is the edge weld without rod. This teaches the student how to join two pieces of metal together. Another example is called the twelve-inch piddle. This is to get the student used to the torch motion.

The second type of welding learned is arc welding. This uses electricity. The joints in arc welding are heated to the fusing point by means of an electric arc formed between material being welded and a metallic electrode which melts and deposits fused metal in the heated joints. Examples of arc welding are the twelve-inch bead, which teaches students how to use the electrode, or commonly called rod. The other, the edge weld, gives the student more actual practice in using the electrode.

Welding is commonly used by farmers who fix their own machinery, or by city dwellers who wish to fix broken pieces of metal on the car or on some appliance.

Rick Riggle, Mike Howe; acetylene welding.

Mr. Schumacher, drafting and power mechanics instructor, previously taught shop classes at junior high. He has two classes of power mechanics and two of drafting.

The power mechanics students are working on overhauling small gas engines. Each student will learn the functions of an engine and how to correct the trouble areas. In drafting the students are learning how to read blue prints and are beginning drawings of house plans. Anyone thinking of becoming an architect or a draftsman would need these basic courses.

### Remember Yesterday?

What ever happened to the valentines of yesteryear and their laces, ribbons, and sentimental sayings?

The first valentines started as a coincidence between the belief that birds mated on a certain day in February, which happened to also be the festival day of St. Valentine. Through the writings of several English authors, the coincidence spread and became generally accepted as a day for sending "valentines" to one's secret lover. The word "Valentine" originally meant both persons and presents.

Among the first customs associated with Valentine's Day was the drawing of names placed in a village bowl on the eve of February 14 to discover their sweetheart for the coming year.

Gradually the valentines became more individual and were hand copied onto pieces of paper, silk, or satin.

This holiday was never widely recognized in this country until 1914, when American publishers began printing valentines.

Do mark February 14 on your calendar with a big red heart and don't forget your valentine.

## Homeroms Elect Second Semester Officers

### SENIORS

Mr. Fjelstad---  
Comm. Gloria Ellwanger  
V. Comm. Colleen Ducey  
Sec.-Treas.--Cathleen Ducey

Mr. Fritza---  
Comm. Cheryl Hinsey  
V. Comm. Suzanne Hickman  
Sec.-Treas.--Barb Hodgins

Mr. Heer---  
Comm. Jim Brooks  
V. Comm. Sharon Beastron  
Sec.-Treas.--Karen Varilek

Miss Jacobson---  
Comm. Renee Long  
V. Comm. Carol McIlravy  
Sec.-Treas.--Jane Loers

Miss Libert---  
Comm. Tom Noble  
V. Comm. Janet Neuharth  
Sec.-Treas.--Carol Nelson

Mr. Robinson---  
Comm. Carl Schwenn  
V. Comm. Karen Sampson  
Sec.-Treas.--Teri Telford

Mrs. Frink---  
Comm. Art Gregg  
V. Comm. Jean Grubbs  
Sec.-Treas.--Pam Fillmore

### JUNIORS

Mr. Ericson---  
Comm. Ricky Boyd  
V. Comm. Kay Cameron  
Sec.-Treas.--Jean Barrett
